

## NETWORK ADMINISTRATOR IV

### Summary

Senior Systems Administrator with over 20 years of related IT experience. I have a wide-breadth of knowledge in Active Directory, Citrix and VMware. I work well in a team environment and I am self-sufficient, highly-motivated and someone you can rely on.

### Highlights

### Experience

#### Network Administrator IV

July 2010 to October 2015 Peraton - Dahlgren, VA

- Senior Administrator in a three member team overseeing support for 150+ VM's and 30+ physical servers in two major datacenters located in Fort Worth, Texas and Calgary, Canada and remote gas plants located throughout Texas, Colorado, Montana and Alberta, Canada.
- SME for VMware and Citrix.
- 150+ VM's (97% virtualized in US/80% in Canada) running vSphere 5.1, 41 U3 in US and 4.0 in Canada.
- ESX hardware primarily resides on Dell PowerEdge r900, r820, r810 and 2950's servers.

#### Senior Server Support Professional

April 2007 to July 2010 Cognizant Technology Solutions - Columbia, SC

- Lead Citrix Engineer for Textron account, including Bell Helicopter, Cessna, Textron Financial Systems, Kautex, EZGO.
- Performed successful migrations from Metaframe XP to Presentation Server 4.0, 4.5, PS 3.0 to PS 4.5 and PS 4.0 to XenApp 5.0 and 6.0, which included upgrading of the server hardware, setting up AD group policy objects for TS/Citrix, and establishing Application Installation and Security processes to ensure a tightly controlled environment.
- Support of Textron's VMware (vSphere 4.0) environment, including performing P2V migrations, analyzing existing physical servers for migration candidates and daily support of the environment.
- Performed Business Continuity server testing for Textron at their IBM DR/Continuity sites in Boulder, Colorado and Sterling Forest, NY for the Wintel Group.
- Support of Textron's global Citrix, VMware and Wintel environment.
- Presentation Server 4.0/4.5/5.0 on W2K3.
- 300+ Wintel Servers including both physical IBM xSeries 3850, 3650, 336.
- Dell PowerEdge 6650 (ESX Hosts) and VMWare guests.
- Multiple Citrix Farms in multiple locations in U.S and selected global locations.
- We have a mixture of Access Gateway 4.6, Citrix Secure Gateway 3.0, Web Interface in the DMZ with various external user groups (Boeing, Edwards AFB, etc.) in support of the VH-22, ARH, Huey and multiple other military and commercial projects.
- Many proprietary and off the shelf applications hosted on Citrix and VMware utilizing both SQL Server and Oracle database back ends.
- Operating Systems consists of Windows Server 2008, W2K3R2, W2K3 and W2K.
- VMware hosted at multiple locations in U.S.
- Using Dell PowerEdge and IBM server hardware, running a mixture of vSphere 4.0 and ESX 3.5 with mainly Windows OS on the guest VM's.
- We are using Vmotion, DRS and HA attached to multiple SAN flavors including Hitachi and EMC Clarion.

#### Citrix Engineer

January 2007 to April 2007 Alcon Laboratories - City, STATE

- Support of Alcon's global Citrix environment: Presentation Server 4.0\W2K3, Metaframe XP FR3\W2K, Metaframe 1.8\TSE.
- 300+ Servers (Physical HP DL380G4's and VMware Virtual Machines).
- 3 production Citrix farms - 1 per each MF version, 3 Development farms - 1 per each MF version.
- Citrix Secure Gateway, Nfuse 1.7.
- Mix of HP, Xerox and Canon printers.
- 60+ applications with a mixture of custom in-house apps coded with Powerbuilder and off the shelf software with many of the apps back ended to Documentum.

#### Senior IST Analyst

January 1999 to January 2006 Burlington Resources, Inc - City, STATE

- Network Team
- Part of a ten member enterprise infrastructure team responsible for all areas of Active Directory, Exchange mail services, File/Print services, Citrix, VMWare and the underlying operating systems and hardware for 3500 employees in locations worldwide.
- Windows Team Lead.
