DOCUMENTUM TECHNICAL ANALYST

Accomplishments

- June,10 - Aug,11 Bharat Petroleum (BPCL) India Developed a project based on neural networks Wiimotic Interactive Whiteboard' (Final Year Outhouse Project, Semester VII and VIII) Sponsored by BPCL Description: The objective of the project is to allow educators and corporate institutes professionals to keep a track on presentations, meetings and lab session notes.
- The Interactive Whiteboard makes easy to operate whiteboards just like normal computers.
- Software built on principles of neural networks - 'Optical Character Recognition' and converts into electronic text format.
- The efficiency of software increases each time as database stores handwriting styles.
- Accuracy Recorded- 80%.

Experience

Documentum Technical Analyst , 10/2012 ï¼ Current Bickford Senior Living ï¼ Virginia Beach , VA

- Currently working on Upgrade & Migration project- Documentum 6.6.
- to Documentum 7.1 with Webtop 6.8 and xPlore 1.4 for 21 docbases all over BP Knowledge of rendering products like ADTS , Adlib, EMC CadRender and McLaren RenderCenter.
- Implemented solutions with Documentum Content Server 6.5 SP3/6.6/6.7/7.1, Webtop 6.5 SP3, 6.6 and 6.8.
- Customized WebTop/WDK configuration application enhancements and bug fixes.
- Upgraded in-place Documentum xPlore 1.1 to 1.3 Developed custom configuration sheets for McLaren Docloader - Bulk loading tool.
- Also Fixed a Bug in this third party tool to save additional to BP.
- Wrote Documentum Jobs using Documentum Foundation Classes & Java.
- Well versed with DQL & Oracle SQL Implemented Self Developed Utilities to handle Application exceptions for the benefit of BP Documentum Support Possess effective vocal & written communication skills with US & UK business clients Established resolutions on Consistency Checker resolutions for various warnings.
- Developed Documentum custom forms and workflows using Forms & Process Builder as per business requirements Worked on xCP 2.2 process engine to be integrated with Documentum 7.1 Role: Documentum Developer.

06/2012 ï¼ 09/2012 Bickford Senior Living

- Learnt EMC Documentum on a fast pace.
- Writing a DFC code to recognize Unicode language sets which will help determine the user selected language on UI.
- Being a part of 6.6 to 6.7 Upgrade Project and testing all applications developed on Task space 2.0 Exposed to Documentum 6.7 Learnt customizing and configuring applications such as WebTop & xCP Task space 2.0.
- Learnt using Composer 6.7 to update Data Dictionary TBOs, create new artifacts in the repository and to code using DFC/Java.
- Worked on TBOs, SBOs, Process Builder & Forms Builder.
- Gained knowledge of Java Web Services.

Java Developer/ Trainee , 03/2012 ï¼ 05/2012 Tata Consultancy Services

- Initial Learning Program (www.go2uti.com) Developed Project for Telecom Inventory Store-ElectroniX The aim of the project was to make easy purchase of mobiles handsets, SIMs and accessories online, to track and maintain stock and to offer various complimentary gifts to privileged customers.
- The project was divided into three sub modules: Product Management, Stock Management and Complimentary Package Management.
- Tools Used: Core Java(JDK 1.6), JSP, Servlets, JavaScript, HTML/DHTML/XHTML, CSS, Struts Framework , Oracle Db, MySQL, Secure Socket Layer, RDBMS Role: VB.net Developer.

10/2011 ï¼ 02/2012 S-Cube Technologies

- Developed code for calculating dimensions and printing out final AutoCAD Layouts in VB.net for a Construction company.
- Developed Interfaces like custom forms.

Education

St. Francis Institute of Technology
University Of Mumbai ï¼ India Bachelors of Engineering Computer Engineering GPA: Secured 77% Passed with Distinction Secured 77% Passed with Distinction Computer Engineering
March-2015 Object Oriented Programming Methodology | Data Structures | Digital Logic Design & Analysis | Computer Graphics | Soft Computing | Microprocessors | Database Management On The Spot Award by Service Line lead- BP Customer appreciated for creating automated report utility that helps them manage their business effectively. (Jan-2015) *Best Team(Jul-2014) awarded by Project Manager- To give an outstanding performance in completing Documentum xPlore Upgrade project on time and within budget.
Jul-2014 Excellent Performance in Project awarded by TCS Delivery Owner (
Nov-2013) *Appreciation Note from Team Lead in successfully completing the Upgrade Project (
) *Certified E3 Level - ECM Documentum Assessment
